

MAKING MAGIC:

BEAUTY

IN WORD AND IMAGE

Take a Closer Look Tell Us What You Think

This area of the exhibition is the place where your voice can be heard! Comments from this worksheet may be exhibited on the walls or shared online. Please answer the following questions in the spaces provided. Thank you for participating!

o First look at the photograph. Imagine you are actually inside this image. Write down several words or brief phrases that describe what you're feeling. Use your senses as your guide. What do you hear? See? Smell? Taste? Touch?

o Now take a moment and read the poem on the wall near the photograph. Would any of the words you used to describe your experience of the photograph also describe your experience of the poem? If so, which ones?

o Do you think the artists are conveying related experiences in their work? Why or why not?

o Does the image or the poem remind you of something you've seen or felt yourself? Please share some of these memories with us.

When you have completed this sheet, please fold and insert in the box. Selected responses will be transcribed and shared with others in the exhibit and online.
